The screenshot shows a WhatsApp chat interface. On the left, there's a sidebar with icons for notifications, search, and filters (All, Unread, Favourites, Groups). The main area shows a message from 'DAA(unofficial)CSD3rdYear' containing a C++ code snippet for a knapsack problem. The code is as follows:

```

/*
 * A Naive recursive implementation
 * of 0-1 Knapsack problem */
#include <stdio.h>

// A utility function that returns
// maximum of two integers
int max(int a, int b) { return (a > b) ? a : b; }

// Returns the maximum value that can be
// put in a knapsack of capacity W
int knapSack(int W, int wt[], int val[], int n)
{
    // Base Case
    if (n == 0 || W == 0)
        return 0;

    // If weight of the nth item is more than
    // Knapsack capacity W, then this item cannot
    // be included in the optimal solution
    if (wt[n - 1] > W)
        return knapSack(W, wt, val, n - 1);

    // Return the maximum of two cases:
    // (1) nth item included
    // (2) not included
    else
        return max(
            val[n - 1]
            + knapSack(W - wt[n - 1], wt, val, n - 1),
            knapSack(W, wt, val, n - 1));
}

```

Below the code, there's a link to 'Read more'. At the bottom of the screen, there's a message input field with a microphone icon.

One more thing, the final detailed list will be released tomorrow.

The ERP has been reopened for the entire previous semester from the start. So, for the students who were not registered or whose attendance has not been marked since CT1, please come to me before lunch...I will handle it before lunch... there won't be time afterward. Attendance will be taken from ERP, not from the register. So, please make sure to check your attendance once before lunch.

Don't come to me later with issues. 9:04 am

In case of unavailability of the bank account details, they need to nominate one member from the team or mentor where prize money or TA reimbursement can be done. This needs to be done through an application (single doc) signed by all team members stating that the XXXX person is being nominated and he will be responsible to disburse the amount equally to all student member.

Also, Please note that prize money is only for the winning team members and not for mentors nor their institute 6:36 pm

All needs to be present in the class right now 9:01 am

One more thing, the final detailed list will be released tomorrow.

The ERP has been reopened for the entire previous semester from the start. So, for the students who were not registered or whose attendance has not been marked since CT1, please come to me before lunch...I will handle it before lunch... there won't be time afterward. Attendance will be taken from ERP, not from the register. So, please make sure to check your attendance once before lunch.

Don't come to me later with issues. 9:04 am
